Crafting Excellence in Geodesic Domes

At TMS-team, we take pride in offering the best price in the market without compromising on quality. Our expertise lies in manufacturing geodesic domes with two frame options: steel and timber. Each dome is meticulously crafted and covered with premium tarpaulin, ensuring durability and longevity.

Unmatched Customization

Whether you're looking for a cozy retreat, an event space, or a unique architectural statement, our geodesic domes are fully customizable to suit your vision. Choose from our range of frame materials, sizes, and optional features to create a dome that perfectly fits your needs and budget.

Quality Assurance and Support

When you choose TMS-team, you're not just getting a geodesic dome—you're getting peace of mind. We stand behind the quality of our products and offer comprehensive support, including repairs, installations, and warranty coverage. With our attention to detail and commitment to customer satisfaction, you can trust us to deliver excellence, every time.

Experience the TMS-team Difference

Experience the difference that TMS-team can make for your next project. Contact us today to learn more about our geodesic domes and how we can turn your vision into reality, all at the best price in the market.
